EMOS

EMOS: 33 European Universities in 19 countries

- Label provided European Statistical System (ESS) and the European System of Central Banks, Supported by Eurostat.
- In Germany: Trier, Bamberg, Berlin (MA Statistics) linked by cooperation in Survey Statistics, Dortmund, LMU München
- In Berlin: Extra Certificate for MA Statistics students, stating your experience and knowledge in Official Statistics

- Training: Official Statistics should be represented in statistical curricula
- Recruiting: already 3 Berlin participants have a job at the Amt für Statistik Berlin-Brandenburg
- Capacity building for higher education levels in the ESS (Doctorial Thesis)
- European exchange of students and teachers and course materials

What does EMOS offer for students?

- EMOS homepage: https://ec.europa.eu/eurostat/cros/content/emos_en
- Internships (mandatory)
- Webinars on recent development and topics in Official Statistics (Youtube channel): https://ec.europa.eu/eurostat/cros/content/webinars_en
- Master Thesis Competition (https://ec.europa.eu/eurostat/cros/content/emos-4-students_en): The winners give a presentation at the New Techniques and Technologies for Statistics (NTTS) Conference
- Special events: Participation in the European Big Data Hackathon (2020)

How to achieve the EMOS certificate? (1/2)
